Pat O'Donnell
President

Our goal here at Odeys is to build unbreakable bonds with our customers through honesty, mutual trust and performance!

We want to be that trusted company you will be talking about for many years in the future. I want to thank each of our customers for your continued support, whether we are still fairly new to each other in our relationships or you have been with us since the beginning 24 years ago!

Odeys Sports Field Products are used on little league, high school, college and professional fields throughout the Midwest. Call for pricing.

No project is too small or large. Call us for pricing!

Odeys Infield Conditioner

Odeys Infield Conditioner improves drainage, manages moisture and reduces compaction to provide a consistent and safe playing surface. Odeys Infield Conditioner should be incorporated into the infield playing surface.

Odeys Premium Infield Topdressing

Also available in red!

Odeys Premium Infield Topdressing is a consistently sized particle, making it the perfect infield topdressing to manage moisture and provide a consistent and safe playing surface. Odeys Premium Infield Topdressing should be applied as a surface coating on the infield playing surface.

Odeys Drying Agent

Odeys Drying Agent is a fine-sized particle used to quickly remove excess water from the infield and provide a safe playing surface. This product is safe to leave on the field indefinitely and will not harden.

Odeys Soil & Turf Conditioner

Odeys Soil & Turf Conditioner reduces compaction and enhances oxygen-, water- and nutrient-holding capacities in the soil to provide an ideal growing environment. The conditioner should be incorporated into the soil during construction or worked in following aeration.

Odeys Professional Red Mound Clay

Odeys Professional Red Mound Clay is a deep red, high-density screened clay used for the construction and renovation of pitching and home plate areas from amateur to professional levels. It provides a firm yet pliable playing surface, which reduces maintenance and ensures consistently safe footing in this high-wear area.

Odeys Premium Red Infield Mix

Odeys Premium Red Infield Mix is a deep red, high-clay-content soil ideal for the skinned infield area. It has a higher sand content than the mound clay, providing a greater water percolation rate.

Odeys Warning Track Mix

Odeys Warning Track Mix is a deep red warning track material. The combination of coarse- and fine-sized particles provides a firm yet manageable warning track surface.

Odeys Turf Seed is used on little league, high school, college and professional fields throughout the Midwest. Call for pricing.

No project is too small or large. Call us for pricing!

ODEYS PUREBLUE (Kentucky Bluegrass)

With its dark green color and high density, ODEYS PUREBLUE fits into the category of elite Kentucky Bluegrasses which are bred to produce overall turfgrass excellence. It is also ideal for low maintenance as it maintains great color with little disease pressure from reduced fertilizer and watering. It has good heat tolerance, moderate drought tolerance, stays green longer than most other bluegrasses, and has quick recovery after drought and summer stress.

- ✓ Rapid Germination
- ✓ Quick Establishment
- ✓ Aggressive Growth Habit
- ✓ Disease Resistance
- ✓ Deep Dark Green Color
- ✓ Excellent Durability
- ✓ Shade Performance

ODEYS PURESORT (Ryegrass/Kentucky Bluegrass)

Whether you're planting a little league field or preparing for the big leagues, you can rest assured that ODEYS PURESORT athletic field mixtures and blends have the performance data engineered into each and every variety. ODEYS PURESORT is a proprietary perennial Ryegrass Kentucky bluegrass mix of top performing varieties specifically for sports turf applications.

- ✓ Establishment Speed
- ✓ Traffic Tolerance
- ✓ Recovery
- ✓ Disease Resistance
- ✓ Density & Turf Quality

ODEYS SUNGOLD (Fescue)

ODEYS SUNGOLD's self-repairing system contains the best and most resilient tall fescue cultivars. The increased tillering allows for self-repairing and makes ODEYS SUNGOLD ideal for high traffic areas. ODEYS SUNGOLD has an unbeatable resistance to Brown Patch and its dense root system gives it excellent performance under stress. ODEYS SUNGOLD'S deep rooting ability gives it greater resilience under reduced irrigation during periods of drought. ODEYS SUNGOLD has extensive recovery from drought and significant water reducing capabilities. Qualified by the Turfgrass Water Conservation Alliance (TWCA), the components of ODEYS SUNGOLD have gone through the most rigorous drought tolerant testing to ensure the highest standards for tolerance on the market.

- ✓ Disease Resistance
- ✓ Excellent Drought Tolerance
- ✓ Brown Patch Resistance
- ✓ Turf Density
- ✓ Extensive Root System

ODEYS SUNRYE (Ryegrass)

ODEYS SUNRYE perennial ryegrass blend incorporates the latest technologies and advancements in perennial ryegrass breeding and research. Top performing perennial ryegrass varieties are blended together to offer the ultimate choice for turf managers everywhere. Turf Managers demand the absolute best from their turfgrass. ODEYS SUNRYE has been designed to answer their needs—rapid establishment, incredible wear tolerance, fast recovery, and superb turf quality are just a few attributes that make it ideal for turf managers.

- ✓ Rapid Establishment
- ✓ Excellent Traffic Tolerance
- ✓ Disease Resistance
- ✓ Deep Dark Green Color
- ✓ Over-Seeding

Odeys Infield Conditioner

Odeys Infield Conditioner improves drainage, manages moisture and reduces compaction to provide a consistent and safe playing surface. Odeys Infield Conditioner should be incorporated into the infield playing surface. (10101)

Odeys Premium Infield Topdressing

Odeys Premium Infield Topdressing is a consistently sized particle, making it the perfect infield topdressing to manage moisture and provide a consistent and safe playing surface. Odeys Premium Infield Topdressing should be applied as a surface coating on the infield playing surface. (10102)

Odeys Drying Agent

Odeys Drying Agent is a fine-sized particle used to quickly remove excess water from the infield and provide a safe playing surface. This product is safe to leave on the field indefinitely and will not harden. (10103)

Odeys Soil & Turf Conditioner

Odeys Soil & Turf Conditioner reduces compaction and enhances oxygen-, water- and nutrient-holding capacities in the soil to provide an ideal growing environment. The conditioner should be incorporated into the soil during construction or worked in following aeration. (10104)

Pro's Choice Red Infield Conditioner

Designed to meet the challenges of wet, dry or compacted infields, this durable granule helps create passageways for drainage and eliminate compaction for truer bounces and safer play. (10201)

Pro's Choice Select Premium Infield Conditioner

This premium infield conditioner keeps infields smooth, safe and resilient. Its specially sized granules and red color makes the perfect infield topdressing. (10202)

Pro's Choice Pro Red Premium Topdressing

This premium topdressing is formulated for uniform particle size and durability. It's the only deep red conditioner that maintains its rich color to achieve a championship look. (10203)

Infield Soils and Aggregate

Odeys Premium Red Infield Mix

Odeys Premium Red Infield Mix is a deep red, high-clay-content soil ideal for the skinned infield area. It has a higher sand content than the mound clay, providing a greater water percolation rate. (10301)

Odeys Blonde Infield Mix

Locally sourced infield soil with a desirable blend of sand/silt/clay. (10303)

Red Ball Diamond Aggregate (Agrilime)

A finely crushed red dolomitic limestone. Allows water to pass through it, so when installed to a proper depth helps eliminate rain delays. (10305)

Warning Track Material

Skutt High School, Omaha, NE

Odeys Warning Track Mix

Odeys Warning Track Mix is a deep red warning track material. The combination of coarse- and fine-sized particles provides a firm yet manageable warning track surface. Available in red. (10302)

Easily groomed
with an Odeys
Stiff Drag

Shot Put Mix

Odeys Shot Put Mix

Provides a firm, manageable and easily groomed shot put surface that is still pliable enough to easily identify a shot put divot. Available in red. (10304)

Alice Buffett Middle School, Omaha, NE

Odeys Professional Red Mound Clay

Odeys Professional Red Mound Clay is a deep red, high-density screened clay used for the construction and renovation of pitching and home plate areas from amateur to professional levels. It provides a firm yet pliable playing surface, which reduces maintenance and ensures consistently safe footing in this high-wear area. (10401)

Odeys Big League Mound Clay

This user-friendly reddish-brown clay is screened and pre-moistened making it easy to work with. Provides solid footing and reduced wear problems on pitching mounds and home plate areas. (10402)

Odeys Big League Mound Clay Bricks

These soft preformed bricks are made with and provide the same benefits of Big League Mound Clay. Use on pitching mounds, batter's boxes and catcher areas to form a solid subsurface and reduce wear problems. Sold in bags of 8 bricks or by the pallet of 38 bags (304 bricks). (10403)

Pro Mound Clay is also ideal for use in horseshoe pits.

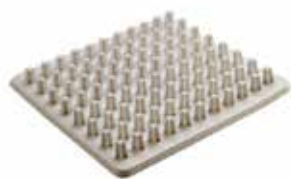

Pro's Choice Pro Mound Clay

A unique blue gumbo packing clay, Pro Mound bonds to form a solid subsurface that allows players to "dig in" and establish footing without leaving large holes. 29 of 30 Major League Baseball teams use this product. (10404)

Pro's Choice Pro Mound Clay Bricks

These preformed bricks are made with and provide the same benefits as the Pro Mound Clay. Available in a pallet of 312 bricks. (10405)

Heavy-Duty Cleat Cleaner

This heavy-duty cleat cleaner measures 12" x 11" with 88 tough rubber bristles. Holes in each corner for stake-down option.

Heavy-Duty Cleat Cleaner

40805 \$46.95

Bulldog Cleat Cleaners

The large 14.5" x 13.5" base has 178 flexible rubber cleaning spikes. Four pre-drilled holes in the corners for easy installation. Available in white, black, or pink. The smaller version Junior Cleat Cleaner is 11" x 9" and available in white or black.

Bulldog Cleat Cleaner

40806 \$44.95

Bulldog Junior Cleat Cleaner

40807 \$39.95

Field Armor Batter's Box Fortification Panels

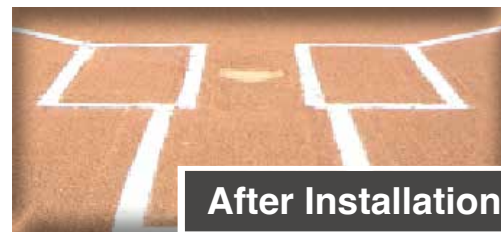

These lightweight high-tech panels are like nothing else available. The Field Armor Fortification Panels help decrease repetitive field maintenance, improves maintenance cost, eliminates standing water and improves player safety. Each panel weighs less than 50lbs and can be easily installed by one person. Available in

- Economy (4' W x 6' L) or Standard (4' W x 8' L) Fortification Panels.
- Catcher's Panel is 4' W x 8' L with cutout for between Batter's Box Panels

Field Armor Fortification Panels

Economy Fortification Panel (Single) – one 4' W x 6' L panel	20101	\$649.95
Economy Fortification Panel (Double) – two 4' W x 6' L panels	20102	\$1,199.95
Economy Fortification Panel (Double Combo) – one 4' W x 6' L panel and Catcher's Panel	20103	\$1,299.95
Economy Fortification Panel (Triple Combo) two 4' W x 6' L panels and Catcher's Panel	20104	\$1,749.95
Standard Fortification Panel (Single) – one 4' W x 8' L panel	20105	\$749.95
Standard Fortification Panel (Double) – two 4' W x 8' L panels	20106	\$1,399.95
Standard Fortification Panel (Double Combo) – one 4' W x 8' L panel and Catcher's Panel	20107	\$1,399.95
Standard Fortification Panel (Triple Combo) two 4' W x 8' L panels and Catcher's Panel	20108	\$1,999.95
Standard Catcher's Box Panel – one 4' W x 8' L panel with cutout	20109	\$749.95
Softball Pitching Fortification Panel (Single) – one 2' W x 8' L panel	20110	\$649.95

After Installation

Jox Box Foundation Mats

Designed to reduce the maintenance necessary in the high-traffic mound and batter's box areas, particularly at facilities requiring low maintenance inputs. These 3" thick mats are constructed of a porous rubber base that allows water to move through with a turf top that reinforces the soil allowing players to dig in but not create holes. After installation the Jox Box mats are covered with 1/2" of the same material normally used on the mound or batter's box areas.

Original Jox Box

Set includes two 4' wide x 8' long foundation mats. Also available individually.

Original Jox Box (pair) 20111 \$1,799.95

Original Jox Box (each) 20112 \$899.95

Deluxe Jox Box

Set of two foundation mats with a cutout for home plate. 10' wide x 8' long.

Deluxe Jox Box 20113 \$1,999.95

Youth Deluxe Jox Box

Set of two foundation mats with a cutout for home plate. 9' wide x 7' long.

Youth Deluxe Jox Box 20114 \$1,689.95

Field Rake

Engineered to the specifications of professional baseball grounds crews, the extended grading edge was designed specifically for leveling.

Rounded teeth.

Field Rake - 24" 20201 \$104.95

Field Rake - 30" 20202 \$109.95

Field Rake - 36" 20203 \$119.95

Screening Rake

This 36" rake is perfect for screening stones and debris from the skinned infield area. The jagged edge helps to trap debris as you rake, while the extended grading edge allows for smoothing and leveling.

Screening Rake - 36" 20204 \$129.95

Double Play Rake

A baseball/softball favorite, the "V" teeth are used to break up hard-packed clay, while the strong teeth are for wet clay and general raking. Available with 24" or 36" head.

Double Play Rake - 24" 20205 \$114.95

Double Play Rake - 36" 20206 \$134.95

Pro-Turf Lute

On the fields, this 36" head rake is another great infield grooming tool.

Pro-Turf Lute - 36" 20207 \$104.95

Baserunner Rake

All the features of the Field Rake with a telescopic handle that knocks down for easy storage and transport. Available with 30" or 36" head.

Baserunner Rake - 30" 20208 \$189.95

Baserunner Rake - 36" 20209 \$199.95

Scarifier Lute

The sawtooth edge on this rake makes it great for breaking up and grading hard soils. Comes with 36" head.

Scarifier Lute - 36" 20210 \$99.95

Level Head Rake

The 16 tine 15" steel head on this rake is particularly useful to scarify clay surfaces on the mound and dish areas. Available with 60" hardwood handle or 66" aluminum handle.

Wood Handle - 15" 20211 \$89.95

Aluminum Handle - 17" 20212 \$74.95

Mound Shaper

The 17" wide shaper has serrated teeth on one side and a flat edge on the other side.

Mound Shaper 20213 \$79.95

Leveling Board

The 54" width makes this an ideal tool for leveling infield and home plate surfaces. Features a stainless steel cutting edge and reinforced aluminum handle.

Leveling Board 20214 \$249.95

Poly Leaf Rake

Another great rake for removing debris from turf. Available with 24" or 30" head.

Poly Leaf Rake - 24" 20215 \$37.95

Poly Leaf Rake - 30" 20216 \$40.95

Haymarket Park, Lincoln, NE

A 24" Bent-Handle General Purpose Broom is great for preventing lip buildup.

Maximum Duty Broom

One of the toughest brooms on the market. Available as a 28" head with two or three rows of bristles.

- 2 Row Bristles** 20301 \$129.95
3 Row Bristles 20302 \$144.95

Double Play Scarifier Broom

Same as Maximum Duty Broom but with an aggressive scarifying edge. Available in a 28" head with 2 rows bristles.

Double Play Scarifier Broom 20303 \$184.95

7' Monster Drag Broom

The 7' broom is a great infield finish drag.

7' Monster Drag Broom 20306 \$309.95

General Purpose Broom

This 24" wide broom is ideal for general cleaning, removing infield material from the turf and when flipped over for a final dressing of base paths, mounds, home plate dishes and other infield areas. Available in straight or bent handle.

- Straight Handle** 20304 \$94.95
Bent Handle 20305 \$94.95

7' Double Play Monster Drag Broom

With the addition of a scarifier edge, acts as a 7' grooming rake as well as a finish drag.

7' Double Play Monster 20307 \$429.95

Hoes, Cultivators, Edgers

Loop Hoe

Knife edge rocks back and forth. Excellent for mound and dish repair, edging and weeding.

Loop Hoe 20409 \$59.95

Odeys Hand Edger / Sod Cutter

Use to edge grass lines, cut sod or remove weeds from the infield and warning track. Constructed with an all steel frame with durable oak handles and a sharp, adjustable cutting edge. Includes a kick plate for tougher cutting jobs. Available in 6" or 12" widths.

Sod Cutter - 6"

20410 \$494.95

Sod Cutter - 12"

20411 \$494.95

Cultivator

Excellent for mound and dish repair. Available in four prong.

Cultivator 4 Prong 20413 \$54.95

Overseed Enhancing Tool

Designed to penetrate compacted soil for overseeding wear areas. 9" head with a 66" long aluminum handle.

Overseed Enhancing Tool 20428 \$179.95

Squeegees and Water Removal

Non-Absorbent Roller Squeegee

Excellent tool to distribute standing water from infield or turf surfaces. Available in 24", 36" or 48" widths.

Non-Absorbent - 24" 20414 \$229.95

Non-Absorbent - 36" 20415 \$249.95

Non-Absorbent - 48" 20416 \$279.95

PVA Absorbent Roller Squeegee

The absorbent squeegee is designed for use on hard surfaces such as tennis courts and running tracks. Available in 36" width.

Absorbent Roller Squeegee - 36"

20421 \$244.95

Puddle Sponge

Remove water puddles quickly and easily. Built to last several seasons. It's easy to use and won't disturb your topdressing - simply absorb puddles, squeeze out puddle water off the field and then hang to dry. 3 sponges/pack.

Puddle Sponge - 3 / pack 20427 \$154.95

Squeegee Replacement Heads

Non-Absorbent - 24" 20417 \$104.95

Non-Absorbent - 36" 20418 \$109.95

Non-Absorbent - 48" 20419 \$129.95

PVA Absorbent - 36" 20420 \$114.95

Power Gulp Professional Water Removal Pump

Battery powered pump that pumps up to 60 minutes at 11 gpm. Discharge can either be 3/4" or 1" hose with included adapters. Battery (Bosch) and charger sold separately. Interchangeable battery plates sold separately to work with major brand 18-20V batteries (Milwaukee, DeWalt or Makita). Optional Quick Stand is available to hold your pump upright without holding it.

Power Gulp Water Removal Pump 20430 \$224.95

Power Gulp Battery (18 V) and Charger 20431 \$99.95

Power Gulp Battery (18 V) 20432 \$64.95

Power Gulp Quick-Stand 20433 \$44.95

Power Gulp Milwaukee Adapter Plate 20434 \$19.95

Power Gulp Makita Adapter Plate 20435 \$19.95

Power Gulp DeWalt Adapter Plate 20436 \$19.95

Power Gulp Water Removal Pump

Smooth, durable pumping action with a 35 oz. pump stroke and a 6' discharge hose. MudGuard Filter helps reduce gritty soil from damaging the pump. Easily disassembles for cleaning.

Power Gulp Water Removal

20429 \$64.95

Adapter Plates | Makita | DeWalt | Milwaukee

The **Sifting Scoop** sifts larger particles out of your infield skin.

Square-Point or Round-Point Shovel

14-gauge heavy-duty tempered steel head available with 48" or 30" D-grip fiberglass handles or 45" wood handle.

Square-Point

30" D-grip Fiberglass Handle 20503 \$47.95

48" Fiberglass Handle 20502 \$41.95

45" Wood Handle 20504 \$20.95

Round-Point

30" D-grip Fiberglass Handle 20506 \$47.95

48" Fiberglass Handle 20505 \$42.95

45" Wood Handle 20507 \$20.95

Sifting Shovel

A superior tool for sifting material or for digging in mud or muck with their releasing "hole" design. Available in: round or square head, 48" or 29" D-grip handles.

Square-Point

48" Fiberglass Handle 20508 \$104.95

29" D-grip Fiberglass Handle 20509 \$104.95

Round-Point

48" Fiberglass Handle 20510 \$104.95

29" D-grip Fiberglass Handle 20511 \$104.95

Sifting Scoop

Designed to sift out debris from topdressing or infield material.

Heavy-duty yet lightweight one-piece injection molded polypropylene construction. Features a 14" x 17" scoop style head with a 27" D-grip handle.

Sifting Scoop 20501 \$149.95

Poly Grain Scoop

High grade ABS poly head with 29" wood or fiberglass D-grip handle.

27" D-grip Fiberglass Handle 20512 \$71.95

30" D-grip Wood Handle 20513 \$54.95

Garden Spade

14-gauge heavy-duty tempered steel head with 30" D-grip fiberglass handle.

30" D-grip Fiberglass 20514 \$56.95

Mulching Fork

10-tine tempered steel tines available with 48" aluminum handle or 30" D-grip wood handle.

48" Aluminum Handle 20515 \$82.95

30" D-grip Wood Handle 20516 \$179.95

Tamps are essential for mound and home plate dish repair. This is our **2" x 4" tamp**, which is perfect for those tight areas around home plate and the pitcher's rubber.

All-Steel Tamps

No more broken handles with these solid welded construction all steel tamps. These heavy-duty tamps are designed for rugged use with maximum strength and even tamping. The steel tamps come with a 12" double-dipped vinyl handle.

Available sizes:

All-Steel Tamps

8" x 8" – 1/4" thick base plate – 52" handle	20601	\$74.95
10" x 10" – 1/4" thick base plate – 52" handle	20602	\$87.95
4" x 10" – 1/4" thick base plate – 58" handle	20603	\$134.95
2" x 4" – 1" thick base plate – 48" handle	20604	\$139.95

Fiberglass Handle Tamp

8" x 8" – 3/8" thick base plate – 48" handle	20605	\$99.95
--	-------	---------

We can customize packages to your athletic field needs!

Tamp Socks

These durable denim socks keep clay from sticking to the tamp.

Tamp Sock Available sizes:

4" x 6"	20614	\$40.95
6" x 6"	20615	\$40.95
8" x 8"	20606	\$40.95
10" x 10"	20607	\$40.95
4" x 10"	20608	\$40.95

SweetSpot Tamp

Interchangeable heads allow you to pick the right size tamp (10x10, 8x8, 6x6, and 4x6) for the job. The SweetSpot Tamp self-corrects to the angle of your hitting surface, dampening the recoil through the handle greatly virtually eliminating vibrations.

SweetSpot Tamp Handle	20609	\$109.95
SweetSpot Tamp Plate 4" x 6"	20610	\$68.95
SweetSpot Tamp Plate 6" x 6"	20611	\$72.95
SweetSpot Tamp Plate 8" x 8"	20612	\$82.95
SweetSpot Tamp Plate 10" x 10"	20613	\$97.95

Mound / Dish Maintenance Package - 29901 \$470.56 (Save 15% off buying individually)

Infield Maintenance Package - 29902 \$558.03 (Save 15% off buying individually)

Mound / Home Plate Dish Maintenance Package

Package includes:

- 24" Double Play Rake
- 30" Field Rake
- 24" Poly Leaf Rake
- 24" General Purpose Broom
- Loop Hoe
- 4-Prong Cultivator
- 8" x 8" All Steel Tamp
- 8" x 8" Tamp Sock
- 2.0 Gal. Hand Sprayer

Infield Maintenance Package

Package includes:

- 36" Field Rake
- 36" Screening Rake
- 36" Non-Absorbent Squeegee
- Base Anchor Digout Tool
- 24" Poly Leaf Rake
- Loop Hoe
- Square-Head Shovel - wood handle
- 3 Whisk Base Anchor Plugs

6-foot Fieldmaster,
3-point hitch

Sweep Lite Broom

Weight Tray

Roller

Dual Leveling Bar

Scarifier with
Spring Tines

Regardless of your infield soil condition, you will be proud of the improved playing surface that the **Fieldmaster Infield Groomer** will provide. Constructed of a durable tubular steel welded frame with a high gloss industrial enamel finish for years of dependable service.

Features:

- Scarifier Rake – to break up compacted soils
- Dual Leveling Bar – to cut the high spots and fill in low spots
- Multiple rake and leveling bar adjustments to match infield grooming needs
- Roller – to compact the infield surface
- Weight Tray – to add weight for more compaction
- Sweep Lite Broom – for a smooth, consistent game ready finish

6-foot FM on a 3-point hitch

Both the scarifier and leveling bar have **13 positions** for precise adjustments.

6-foot Lift Assembly with Wheels

Fieldmaster Infield Groomers

6-foot 3-point hitch (FM61)	20701 \$4,775.00
6-foot Lift Assembly with Wheels (FM62)	20702 \$4,975.00

Adjustable Weight Aluminum Nail Drag w/ Field Weights

The new design is easier to balance, has double the nails and its aluminum frame is more rigid. This 6' Nail Drag puts you in control of the scarifying depth by using it with or without the six included Field Weights.

Adjustable Weight Aluminum Nail Drag w/ Field Weights
20719 \$1,139.95

Premium 2-in-1 Nail Drag Combo

This premium 5' wide x 3' deep nail drag is built for aggressive, punishing work. This combination unit has two drag panels – the rear panel being detachable for lighter, less aggressive dragging. Welded steel for rigidity and durability. Includes wheel kit, tongue transport kit and chain.

Premium 2-in-1 Nail Drag Combo 20720 \$1,359.95

X- Drag Hand Nail Drag

The 3' W x 2' W X-Drag is an ideal size for scarifying baselines, home plate areas and cutouts. Can adjust to the field conditions with the optional Field Weight Kit. Can attach a mat drag or cocoa mat for one pass finishing.

X-Drag Only 20713 \$439.95

X-Drag with Weight Kit 20714 \$639.95

Odeys Stiff Drags being used for the fifth-inning drag at University of Nebraska at Lincoln.

Odeys Stiff Drags

Used by numerous facilities at all levels primarily as a hand drag but can also be towed. The poly running board and rigid design that does not flex helps fill in low spots while carrying a minimal amount of infield material for that professional appearance. The Odeys stiff drag is ideal for game preparation and mid-game infield grooming. The smaller sizes are perfect for dishes and baselines. Sizes available:

3' x 18" Baseline Stiff Drag	20801	\$259.95
4' x 18" Dish & Mound Stiff Drag	20802	\$309.95
5' x 18" Infield Stiff Drag	20803	\$359.95
6' x 18" Infield Stiff Drag	20804	\$409.95
Replacement Rope (for 3' & 4')	20820	\$37.95
Replacement Rope (for 5' & 6')	20821	\$39.95

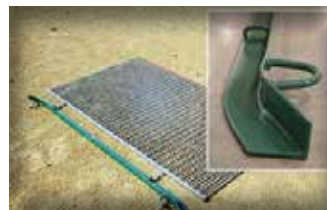

Steel Mat Drags

These widely used infield mat drags are constructed of 3/8" thick 1"x1" galvanized steel mesh with a rigid steel leading edge and include a pull rope. Can also be used for breaking up aeration cores and dragging seed into the turf. Heavy-duty mat drags and custom sizes are also available.

CUSTOM SIZE MAT DRAGS - CALL US

3'W x 3'L	20805	\$259.95
6'W x 3'L	20806	\$419.95
6'W x 6'L	20807	\$739.95
7'W x 3'L	20808	\$489.95

Drag Leveling Bar

The 6' wide bar attaches to a drag to level out, cut down or redistribute infield material.

Drag Leveling Bar - 6' Wide 20811 \$189.95

Flex Steel Mop

Designed for those small areas that are nearly impossible to finish groom. Measures 24" wide by 18" deep with a 66" reinforced aluminum handle. **Flex Steel Mop** 20810 \$194.95

Cocoa Mop

The 24" wide by 18" deep cocoa mop is handy for finish grooming small areas.

Cocoa Mop 20812 \$219.95

Cocoa Mat Drags

These natural cocoa fiber mat drags float across the infield surface producing a beautiful professional finish with little material displacement.

Sizes available:

4'W x 2'L	20813	\$279.95
6'W x 2'L	20814	\$299.95
6'W x 4'L	20815	\$489.95

UltraMax Clear Hose 1" x 125' 21044 **\$439.95**

ODEYS
NEW**Magnum UltraMax Premium Plus Full Flow Nozzle**

This variable flow, multi-function nozzle is made with a super heavy-duty metal alloy. Is virtually indestructible and leak proof. The Multi-Pattern spray adjusts from fog, jet stream or fan patterns. 15 – 40 gpm flow rating. Fits 1" hose.

Magnum UltraMax Premium Plus Full Flow Nozzle
21045 **\$124.95**

**Magnum UltraMax Premium Plus Turbo Shift Nozzle**

This variable flow, multi-function nozzle is made with a super heavy-duty metal alloy. Is virtually indestructible and leak proof. The Multi-Pattern spray adjusts from fog, jet stream or fan patterns. Opens with 12-17 gpm before shifting to high volume 20-43 gpm. Fits 1" hose.

Magnum UltraMax Premium Plus Turbo Shift Nozzle
21046 **\$139.95**

**Magnum UltraMax Premium Full Flow Nozzle**

This variable flow, multi-function nozzle is made with aircraft aluminum and high strength composite material. The Multi-Pattern spray adjusts from fog, jet stream or fan patterns. 15 – 40 gpm flow rating. Fits 1" hose.

Magnum UltraMax Premium Full Flow Nozzle
21047 **\$69.95**

**Magnum UltraMax Premium Turbo Shift Nozzle**

This variable flow, multi-function nozzle is made of with aircraft aluminum and high strength composite material. The Multi-Pattern spray adjusts from fog, jet stream or fan patterns. Opens with 12-17 gpm before shifting to high volume 20-43 gpm. Fits 1" hose.

Magnum UltraMax Premium Turbo Shift Nozzle
21048 **\$79.95**

**UltraMax MultiBLAST Variable Flow Nozzle**

Dual variable flow delivers light fog and low volume (7-12 GPM) before shifting to high volume (14-17 GPM) jet stream and fan patterns. Also features a flush option. Fits 1" hose.

UltraMax MultiBLAST Variable Flow Nozzle
21053 **\$349.95**

ODEYS
NEW**Pro Shot Nozzle**

Machined aluminum 1" nozzle that features a flush setting to clear small particles and prevent from them lodging. Adjustable gallons per minute and stream.

Pro Shot Nozzle 21025 **\$594.95**

**Rain Pro Shower Nozzle**

Puts out a whopping 40 gpm with a soft pattern. 1" inlet includes a 3/4" adapter.

Rain Pro Shower Nozzle
21049 **\$44.95**

Mound and Home Plate Tarps

Fieldsaver Poly Area Cover

This economical cover is constructed of lightweight yet durable 6 oz / sq yd or 8 oz / sq yd polyethylene material with grommets placed every 3 – 4' for staking. Does not include stakes - please order separately.

Custom sizes and shapes are available.

Fieldsaver Poly Area Covers

Color: 6 oz. Poly Silver/White

Color: 8 oz. Poly Green/White

Sizes: Available in standard round sizes:

Size	6 oz. Poly	8 oz. Poly
12' diameter	21101 \$129.95	21106 \$159.95
18' diameter	21102 \$219.95	21107 \$289.95

Isaacson Field, Omaha, NE

SOL-Aer® Winter Turf Blanket shown with Silver Lacing and Vipol Perimeter Edging

SOL-Aer® Winter Turf Blanket

Introducing the next generation of winter turf protection that provides improved insulation for winter-weary grass root systems.

Fabric: A unique non-woven material that provides strength and durability, plus superior nighttime insulation.

Silver Lace Coating: Combines with good sunlight penetration to increase daylight warming and decrease nighttime cooling. Same lace coating as on competitive Radiant product.

Light One-Piece Construction: Easy to hand cut without fraying, making for easier installation, removal and storage.

Fusion Welded Seams: Eliminates sewing and allows this super tough fabric to be moved and walked on without damage

Vipol® Edging: Available with optional edging that adds strength and grommets every 2.5' around the perimeter for anchoring.

AVAILABLE IN ANY SIZE OR CONFIGURATION TO FIT YOUR FIELD.

CHOOSE THE RIGHT CONFIGURATION FOR YOUR FIELD:

CHOICE 1: Uncoated Basic White or Silver Lace Coated

CHOICE 2: No edging or Vipol edging with grommets.

Bench Zone® Sideline Turf Protector

Constructed of VIPOL® Matrix Material – an open weave 10 oz. vinyl-coated polyester that is non-absorbent, tough, and durable. Cleats cannot penetrate but still allows liquids to pass through. The open weave allows air and sunlight to get through so it will not “smother” and compact grass like other covers. The low profile edges are folded, internally reinforced, and double-stitched. Grommets are installed every 18”. Available with optional “Get-Back” Line, Chroma-Bond® custom imprinting or two-color designs.

Call for custom sizes.

Cross-Over Zone® Track Protector

Toughest polypropylene geotextile material resists and cushions against steel tipped cleats, shoes, and even grounds equipment wheels...yet rain drains thru. Its entire edge is wrapped in vinyl with galvanized steel chain inserted all around, keeping the protector in place and virtually wind-proof without the use of stakes or staples. The black geotextile material comes with standard border colors of white or yellow. Other border colors available shown below for an additional \$20. Available with Chroma-Bond® custom imprinting as a bonded overlay of VIPOL® Matrix.

Call for custom sizes.

Fieldsaver Weighted Track Protectors

Constructed of Armor Mesh – a 14 oz. extrusion coated mesh fabric with outstanding abrasion resistance and durable enough for use with cleats. Is breathable to allow water and air passage but does not absorb liquids. The weighted edge keeps the track protector in place. Comes in sizes used as a crossing protector or sideline protector. Available with optional Tuff-Print Custom Graphics. **Call for custom sizes.**

Marking tool with detachable guide wheel. Great for stencils.

Hand Wand Tool - Long Handle	30102	\$52.95
Hand Wand Tool - Short Handle	30114	\$40.95

We will service your Kombi or provide the parts

Kombi Classic Line Striper with Wheeled Knib

The Kombi provides crisp, well-defined lines and is electrically powered with an eight-hour battery. It's easy to use — just add paint and water at your chosen dilution rate, select line width requirements from 1.5 to 4 inches. Turn on the switch and begin marking. After use, flush the system with water from the rear tank and recharge the machine so it's ready for the next use. Paint can stay in the machine's reserve tank until the next application.

Now standard with wheeled knib to produce clean, crisp lines. Can be mounted on the side or center of the Kombi.

Kombi Classic Line Striper with Wheeled Knib 30103 \$1,745.00

Kombi Orange Line Striper with Wheeled Knib

Includes all the great features of the Kombi Classic with the addition of a high pressure 80 psi pump, adjustable pressure regulator, enhanced control console and high power lithium-ion battery. The easily removable battery also includes a docking station for enhanced ease of charging.

Kombi Orange Line Striper with Wheeled Knib 30113 \$2,095.00

Kombi Hand Wand

The optional hand wand is ideal for spot spraying and filling in logos or large areas.

Hand Wand Marking Tool 30104 \$129.95

BeamRider

The BeamRider uses laser technology to give speed, precision and quality of finish time after time. String lines are a thing of the past; the laser projected at 90 degrees gives the perfect corner every time.

BeamRider 30106 Call For Pricing

Fastliner

The Fastliner has been developed to cut down marking time, which in turn reduces cost.

Features a 40-gallon spray tank and retractable spray arm.

Fastliner 30107 Call For Pricing

Rok Riding Striper

The environmentally friendly battery-powered Rok is used in conjunction with the Kombi Line Striper, allowing you the option to either ride and paint or demount the Kombi for use in the traditional way.

40204 \$239.95

Varsity Resistance Base Set without anchors

(Set of 3) 40205 \$719.95

Soft Touch Progressive Release Bases

Molded from durable cut resistant polyurethane designed to flex and absorb energy as players slide into the base. The "Progressive Release" action allows the base to flex until enough force is applied to pop the base free from its mount.

Soft Touch Premium A Series Base Set

The stem of the base fits into a 7" square ground anchor.

Set of 3 - 14" bases with ground mounts and tapered plugs.

40208 \$699.95

Set of 3 - 14" bases without ground mounts and tapered plugs.

40209 \$529.95

Set of 3 - 15" bases with ground mounts and tapered plugs.

40210 \$709.95

Set of 3 - 15" bases without ground mounts and tapered plugs.

40211 \$569.95

Soft Touch Convertible C Series Base Set

Base progressively releases from stanchion tee which fits both 1" male and 1-1/2" female anchors.

Set of 3 - 14" bases without anchors

40212 \$699.95

Set of 3 - 15" bases without anchors

40213 \$699.95

Soft Touch Spike-Down S Series Set

Does not require permanent ground anchors and secures to the infield with three 12" spikes.

Set of 3 - 14" bases 40214 \$659.95

Set of 3 - 15" bases 40215 \$679.95

Magnetic Super Base

Magnetic design secures the base to the pan but allows it to release upon strong enough impact. Includes 3 different magnet plate strengths to adjust the holding tension of the base to the anchor. Fits 1-1/2" female anchors. Single base without anchors.

White single base w/o anchor

40206 \$299.95

Magnetic Double First Base

Perfect addition for those who have magnetic type bases. Reduces collisions at first base, white half of base attaches to magnetic stanchion in fair territory. Orange base is at ground level in foul territory giving runner a safe place to contact.

Magnetic Double First Base w/o anchor

40207 \$349.95

Pitch Pro Portable Game Mounds

All Pitch Pro Mounds are constructed with a durable fiberglass platform with reinforcement ribs and the highest quality turf available.

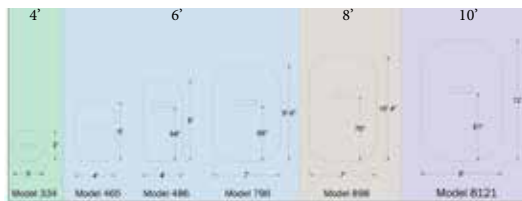

Features include:

MLB recommended pitching slope.

Regulation size replaceable pitching rubber.

"Launch Pad" in front of and under the pitching rubber to reduce turf wear.

Contoured edges transition smoothly to the infield surface.

Pitch Pro 334 Portable Training Mound – 4"

Perfect mound for the young pitcher that is learning to pitch from a raised position. Fits in the trunk of a car and can be stored anywhere.

Portable Training Mound - 4"

41401 \$399.95

Pitch Pro 465 Portable Game Mound – 6" Reduced Length

Designed for the pitcher to land on the infield surface. Recommended for ages 8 – 12 but can be used for most any age. 6' long x 4' wide x 6" high.

Weights 65 lbs.

Game Mound - 6" Reduced Length

41402 \$1,294.95

Pitch Pro 486 Portable Game Mound – 6" Mid-Length

Great mound for ages 8 – 12 but suitable for most ages. Allows a pitcher to stride nearly 6' and still land on the mound. 8' long x 4' wide x 6" high. Weights 120 lbs.

Game Mound - 6" Mid-Length

41403 \$1,794.95

Pitch Pro 796 Portable Game Mound – 6" Full Length

Longer and wider than the Pitch Pro 486 mound. Great mound for ages 8 – 12 but suitable for most ages. Allows a pitcher to fully stride and still land on the mound. 9' long x 7' wide x 6" high. Weights 225 lbs.

Portable Game Mound - 6" Full

41404 \$3,694.95

Pitch Pro 898 Portable Game Mound – 8"

This 8" high mound is for the 13-14 age group but is also suitable for most ages under 14. Bigger pitchers will not reach the end of the mound with a long stride – about 78" from the rubber to the front of the mound. 10' long x 7' wide x 8" high. Weights 275 lbs.

Game Mound - 8" 41405 \$4,294.95

Pitch Pro 8121 Portable Game Mound – 10"

The reinforced ribbed understructure helps make this 10" high mound the most rugged on the market. 12' long x 8' wide x 10" high. Weights 325 lbs.

Game Mound - 10" 41406 \$4,894.95

Pitch Pro Replacement Launch Pad

12" x 24" launch pad.

Pitch Pro Replacement Launch Pad

41407 \$74.95

Pitch Pro Standard Pitching Rubber

Replacement pitching rubber for models 465 – 486 – 796 – 898.

Pitch Pro Standard Pitching Rubber

41408 \$69.95

Hack Attack Pitching Machines

The Hack Attack has a unique three-wheel design that allows you to see the ball clearly and fully all the way through the feeding motion, acceleration and release, just like a live pitcher.

With a quick turn of the Hack Attack dials you can effortlessly throw fastballs, and right and left handed breaking pitches including curveballs, sliders and split fingers.

The Hack Attack's elevation adjustment handle will raise or lower the pitch. With a simple turn, you can even move the pitch up or down within the strike zone between pitches.

Includes an inside/outside adjustment that provides instant location change, giving the machines a whole new dimension.

The throwing head pivots instantly in any direction for all fungo work including deep fly balls that can drive fielders to the fence, slicing line drives, catcher's pop-ups with reverse spin, towering infield pop-ups, and grounders.

The Hack Attack pitching machine quickly moves on and off the field by just tilting it, un-socketing the legs and easily rolling it on two heavy-duty transporting wheels (not the throwing wheels).

The Hack Attack pitching machine is designed for use with regulation leather baseballs, dimpled practice balls, Wiffle® balls and all softer practice balls (not synthetic).

The Hack Attack pitching machine is heavy enough to absorb recoil, ensuring accuracy, yet portable and easily moved by one person.

High tensile, tough heat-treated alloy, weather-resistant aluminum casting throwing head, protects throwing mechanism.

Hack Attack Baseball Pitching Machine

- Speed 100+ MPH
- Distance 60 ft.
- Throws Fastballs, curveballs, sliders or split-finger fastballs
- Fungo 380 ft. fly balls
- Recovery Time 5 seconds, it's almost instant

Hack Attack Pitching Machines

Elite eHack Attack Pitching Machine

Features all of the benefits of the Hack Attack Pitching machine but with the addition of a touchscreen monitor. Available in baseball or softball models.

- Oversized 12" touch screen monitor allows for quick navigation through the extremely user-friendly software.
- Pitches can be accessed via standard default pitch selection, favorite pitches, favorite sequences or create your own using the manual mode.
- For quick simple operation, there are eight standard pitches instantly accessible (fastball, change-up, heater, split finger, curveball right and left and slider right and left).
- Customize the speed and spin of any standard pitch to meet the requirement of any drill or the skill of any hitter.
- Modify the location of any standard pitch in the strike zone or enlarged strike zone (two count strike).
- Rely on pre-set pitches or go to manual mode where you select any pitch, speed and location.

Elite e-Hack Attack Baseball Pitching Machine 41629 \$13,989.95

Elite e-Hack Attack Softball Pitching Machine 41630 \$13,989.95

I-Hack Attack Baseball and Softball Pitching Machines

Features a customized touch screen through which can control and select pitch type, speed and spin as well as access saved favorite pitches and sequences.

- Using the touch screen, quickly go between eight different pre-set pitches.
- Can change speeds on any pitch and can be set to an established sequence or thrown in a random mode.
- Rely on pre-set pitches or go to manual mode where you select any pitch, speed and location.
- Fully adjustable throwing head pitch locators will quickly position pitch (high, low and inside, outside) in up to four locations within the strike zone allowing to instantly change locations between pitches.
- Use the save function to quickly return to your favorite pitches or to a saved sequence of pitches.
- Defaults are pre-established for every pitch to accommodate skill levels (youth and pro), all can be quickly modified.

Tanner Pro Tee

Features a reinforced steel shaft and weighted (11 lb.) base. Adult 26" – 43". Youth 20" – 32"

Tanner Pro Tee - Adult 41816 **\$119.95**
Tanner Pro Tee - Youth 41817 **\$119.95**

Jugs T

Longest guarantee and lowest price for a pro-style tee. Adjustable from 24" to 45". Will not tip over. No extra weight needed. Rubber covered base with rounded edges won't scuff gym floor. Always-feel-the-ball™ flexible top. Feel the ball on contact, not the tee.

The New Jugs T 41808 **\$119.95**

Jugs Quick Release T

All the same features as the Jugs T but with the addition of a Quick Release base for easy transport and setup.

Jugs Quick Release T 41811 **\$134.95**

Jugs Pro-Style 5-Point T

Comes complete with a rubber encased base and 2 fully adjustable extension tubes. Teaches correct contact points for inside, middle, and outside.

Jugs Pro-Style 5-Point T 41812 **\$239.95**

Pocket Radar Ball Coach Radar Gun

Accurate within 1 mph at speeds of 25 - 130 mph and will register a baseball from 120 feet. Battery life provides over 2,000 readings using AAA batteries.

Pocket Radar Ball Coach Radar Gun 41805 **\$359.95**

Attaches to any fence to enhance the look for your facility, provide an excellent visual background for players, prevent unwanted onlookers, or block out distractions or unsightly areas.

For proper fit, accurate measurement is critical. Windscreen should always be made slightly shorter than the fence height to prevent excess wind load. Contact Odeys to discuss your windscreen needs and options.

Our Most Popular Windscreens

Available with
Chroma-Bond®
Imprinting!

Tuffy® Windscreen

Constructed of exclusive VIPOL® Matrix material, Tuffy® Windscreen is super durable because it contains over 50% more micro-fibers than standard windscreens. It is virtually tear-proof and is backed by a 5 Year limited factory warranty. The extra heavy duty VIPOL Matrix edging eliminates the nagging problem of grommets pulling through. Every end and corner is DOUBLE lock-stitched finished to eliminate the unraveling problem of fully chain-stitched windscreens. Grommets for attachment are placed every 12". Heights above 6' include center tie down for additional attachment. Available in 23 VIPOL colors. Standard 6' and 9' heights, custom sizes are available. Contact us for all the options.

50101 CALL FOR PRICING

Fencemate Standard Mesh Windscreen

Constructed of 8.2 oz. vinyl-coated polyester with a sewn black border hem and maximum UV protection to resist fading. Brass grommets installed every 18". Available in 15 color options. Standard 6' and 9' heights, custom sizes are available.

50102 CALL FOR PRICING

Seven other types of Windscreen fabrics are available with weave opening from 75% to 100% complete blockage – call us for more information.

The design possibilities are endless with Custom Imprinting. Turn the chain link fence into the focal point of your facility with your logo, team name, accomplishments or sponsors.

50104 CALL FOR PRICING

Skutt High School, Omaha, NE

Tuffy® Batter's Eye

Provides the best hitting background so batters can keep their eye on the ball. Features heavy-duty reinforced hem with brass grommets every 18". Lacing lips are sewn throughout the cover, not just the perimeter edges. Can be designed for any size batter's eye. Available in numerous fabrics and color options.

50201 CALL FOR PRICING

Polyester Tie Line

For securing the lacing lip required on all windscreens taller than 6'.

Polyester Tie Line - 300' Spool

50203 \$28.95

Fence Slats – Bottom Locking

Fence slats are an economical and attractive way to enhance any chain link fence and improve player visibility. Flat tubular shape with reinforced "leg" for extra durability. The patented locking channel provides a "snap-in" locking effect to prevent slats from slipping in the fence.

One carton covers 10 linear feet of fence. For proper fit will require knowing the wire gauge and mesh size of your fence. Available in 7 lengths and 9 colors.

50202 CALL FOR PRICING

Air Vents

Recommended to increase airflow through windscreens taller than 6'. Available in half-moon air vents or boxed air vents.

Air Vents - Half-moon

50204 \$4.95

Air Vents - Boxed

50205 \$9.95

Plastic Cable Ties

Black 8" long cable ties for securing windscreen to fence – designed to break under high wind loads to prevent windscreen or fence damage.

8" Black - Package of 100 50206 \$14.95

8" Black - Package of 1000 50211 \$64.95

Heavy Duty - Package of 100 50207 \$31.95

Chroma-Bond® Imprinting

Chroma-Bond® Imprinting

The thick, individually applied, double coating process literally bonds the image into the material. Skilled craftspeople use the latest graphics technology to produce custom imprints that are highly resistant to scuffing, sunlight and weathering.

50802 **Call For Pricing**

Odeys offers a vast selection of high quality aluminum bleachers and benches for use indoors or outdoors. From small 3-row bleachers to I-beam understructure stadium seating for thousands of spectators, we have a solution for your seating requirements. Odeys has partnered with two of the largest, most reputable bleacher manufacturers in the industry and thus are able to offer numerous options for any situation.

Odeys also provides assembly and installation services for any size seating system.

Bleachers

All of our bleachers are made with the following quality materials and specifications:

Seat planks – 2" X 10" clear anodized alloy aluminum

Foot planks – 2" X 10" mill finish alloy aluminum with ribbed non-slip surface

End Caps – clear anodized alloy aluminum eliminates sharp edges

Understructure – welded aluminum alloy or hot dipped galvanized steel

Handrails – 1-5/8" OD clear anodized aluminum

Guardrails – mandatory on all of our bleachers higher than 3 rows.

1-5/8" aluminum frame with galvanized fence material standard or optional aluminum vertical picket guardrail.

Most bleachers are available in standard widths of 15' – 21' – 24' and 27' and standard heights up to 10 Rows. Custom sizes are available to meet any need – contact us to discuss the options.

Always check with your local building department for applicable codes.

All bleachers should be properly anchored to resist wind loads.

Odeys customizes
your bleachers for
your needs—and
we install, too!

TURF SERVICES

Odeys Aeration

Compaction is detrimental to turfgrass growth because turf root systems can't get the oxygen they need, and the compacted soil becomes a physical barrier to root penetration and water infiltration.

Odeys aeration can produce a 2" x 2" aeration hole pattern, resulting in 36 aeration holes per square foot at a depth up to 4 inches. Other aeration equipment cannot compare to the effectiveness of this.

Recommended to be done a minimum of twice a year.

Benefits:

- Relieves compaction
- Reduces thatch
- Allows oxygen, water and nutrients to penetrate into the soil
- Creates a stronger, healthier root system
- Enhances heat and drought stress tolerance
- Improves safety

Talk to an Odeys staff member to see which aerification program works the best for your field.

Linear decompaction up to 10 inches deep

Bayonet or solid tines are a great alternative to core aeration, are less disruptive and play can resume quicker.

Odeys Core Processing

The cores left following aeration are picked up, ground and redistributed to the soil profile.

- Returns the turf to a playable condition in less time and with less stress to the turf
- More effective than dragging in the cores

After aeration

After core processing

TURF SERVICES

Odeys Overseeding

Odeys slit seeder cuts through the thatch layer and opens a slit in the soil that the seed is placed directly into for optimum seed to soil contact. Ideal time for seeding is late summer/early fall but can be done anytime of year if irrigation is available. Odeys sells only the highest quality seed varieties possessing quick germination rates and superior traits.

Benefits:

- Improves seed to soil contact for higher germination rates
- Uses less seed than other methods of seeding
- Improves turf density and fills in bare spots
- Establish improved turf varieties with better insect, disease, drought and traffic tolerance

Topdressing Materials

- **Soil** – should have similar physical properties as the existing soil
- **Sand** – select a sand with the proper physical properties – not all sand is the same
- **Compost/Peat** – adds organic matter to the soil profile
- **Odeys Soil and Turf Conditioner** – aids in improving drainage and reducing compaction

Odeys can help you decide which is best for your field!

Odeys Topdressing

Odeys Topdressing applies a uniform thin layer of the desired type of material over the turf surface. Topdressing 1-2 times per year when turf is actively growing should be an important part of your management program throughout the year. The best case scenario for the application of topdressing materials is following core aeration.

Benefits:

- Levels minor variations or depressions in the playing surface
- Helps to amend soil physical properties
- Helps reduce the thatch layer
- Improves seedbed for overseeding
- Creates a better overall turfgrass growing environment

TOPMAKER

Odeys Frazee Mowing

The rotating blades of the Odeys Topmaker are set to a shallow depth to remove the top layer of leaf tissue, thatch and organic matter.

The roots, stolons, rhizomes and some crowns are left intact for turfgrass re-growth.

Benefits:

- Stimulates root growth in live plants left behind
- Opens up the surface which improves water and oxygen infiltration
- Removes minor undulations in the playing surface
- Removes Poa Annua and other annual grass plants

Ideal for sports fields and golf courses, the Odeys Topmaker is a fast and effective way to complete any major or minor renovation without disturbing your grade.

Odeys Turf Removal

The Odeys Topmaker is set to a depth of up to 2" per pass to not only remove leaf tissue, thatch and organic matter but also some of the rootzone profile.

At this depth the majority of surface undulations will also be removed.

It provides the fastest and most economical way to remove existing turfgrass and prepare for new turfgrass re-establishment through seed, sod, or a Sand-Cap system.

DRAIN MASTER SYSTEM

Odeys Drain Master

Linear slit drainage is a functional and economical way to improve an athletic field's drainage without performing a complete renovation of a facility. Networks of trenches are filled with sand or Odeys Soil and Turf Conditioner to drain away excess water from surface and sub-surface.

The Odeys Drain Master's rotating blades create 5/8" wide slits at a 10" spacing while also providing decompaction with their wave action. Amendments are injected into these slits at a depth up to 10" allowing water to infiltrate through the surface quicker. Minimal disruption to the playing surface leaves it game ready following installation.

SAND-CAP & SAND BUILD-UP SYSTEMS

Odeys Sand-Cap

A Sand-Cap system is a cost effective alternative from the conversion of a native soil field to a true sand based rootzone field. The process involves replacing 4-6 inches of the native soil with an appropriate sand rootzone mix. For best results, Odeys Drain Master System is recommended to be installed under the sand layer for maximum percolation allowing for a faster drying field. Turfgrass is then re-established by seeding or sodding.

Odeys Sand Build-Up

A Sand Build-Up system is a multi-year conversion to a Sand-Cap system through the frequent light applications of an appropriate sand blend. Can be combined with the Odeys Drain Master System for added drainage benefits.

INFIELD SKIN MAINTENANCE & RENOVATION

Odeys Soil Renovator

The Odeys Soil Renovator is reverse rotation tiller that mixes the soil up to a 5" depth more effectively than standard tillers. The Odeys Soil Renovator is ideal for incorporating materials, blending layered soils and preparing soils for Odeys Laser Grading.

ODEYS LASER GRADING

The Odeys Laser Grading System uses either a dual grade or cone laser to send a grading signal to the dual receivers on the grading box to achieve the proper surface grade to within very close tolerances.

Following grading the surface should be rolled to achieve the desired compaction.

ODEYS GPS GRADING

New to Odeys is GPS grading, which uses global positioning to track the graders position relative to the grading plan and automatically adjust the height of the grading blade to the appropriate elevation.

This system makes it possible to accurately grade any field regardless of what the grade slope variations are.
